

WS-001 | Windsock Swivelpole Assembly - Base Mounted

Designed for locations where there is a need for an extremely robust Windsock Assembly - Safe & Easy to operate. Ideal for floor mounting utilising cage bolts or to a movable precast concrete block

Design Concept

- Windsock typically 900mm to 2400mm in length
- Generally a highly visible Neon Yellow or Neon Orange Windsock, or for aviation purposes White or Yellow is fitted. Anti-Static Windsocks also available where there is the presence of hydrocarbons
- Base section of Swivelpole allows pivoting of pole ~ 1m above the ground which eliminates working at heights issues
- Typical height of Swivelpole is 4 metres - (available in heights from 3 - 6 metres)
- The Swivelpole has an OD Ø 60.3mm 50NB, Medium Duty Galvanised Pipe (top section) and OD Ø 76mm 65NB, 900mm Medium Duty Galvanised Pipe (bottom section), making it extremely robust

Overall concept - 3m - 6m Swivelpole base mounted. Can accommodate Windsocks up to 2400mm in length (Helicopter HLS specification)

The design of the hinging base eliminates the need for an elevated work platform, with all work able to be carried out at ground level

Top of pole is pre-drilled to receive Windsocks Australia's Stainless Steel Medium or Heavy Duty Rotor Arm Pivot

Windsocks Australia Overview

Our aim is to be the leading supplier of Quality Windsock solutions in Australia and the Asia Pacific region.

Founded in 2003, Windsocks Australia is the premier specialist commercial & industrial Windsocks manufacturer in Australia. Handcrafting our products 100% in Australia using the best materials to ensure the highest quality standards.

We have delivered thousands of commercial and industrial windsock solutions throughout Australia, New Zealand, Papua New Guinea and Asia Pacific.

Benefit from our knowledge to assist in getting the right windsock solution for your requirements.

Our success is built on a reputation for:

- High-quality products
- Extensive product knowledge
- Competitive pricing
- A commitment to innovation
- Dedication with excellent customer service
- Strong relationships with reputable manufacturers
