

# WS-001 | Anti-Static Windsock

Australian Engineered and Manufactured - designed to reduce the risk of static build-up where hydrocarbons are present

- Designed for oil & gas rigs, LNG processing plants, petrochemical plants or storage areas
- Minimises the risk of static build-up and therefore reduces the risk of explosion
- Available in multiple sizes from 900mm length to 3650mm length. Custom sizes also available
- Available with a Bridle Harness (for fastening to a Rotor Arm Pivot) or without a Bridle Harness for fastening to an existing frame
- Manufactured from Anti-Static Polyester 300D -providing excellent strength and long life
- Reflective Tape on tail for night viewing and additional strength
- Double fold, double-stitched Mouth and Triple-stitched tail
- Custom extruded mouth ring which keeps the mouth open in all conditions

## Key Advantages of the WS-001

	Windsocks Australia – WS-001	Competitors Product (as obtained and reviewed)
Manufactured in Australia, 'fit for purpose' and tested in Australian Conditions	✓	? USA, Australia, China
Long Life: Design Life – Warranty	✓ Warranted at 12 months operating on a 'No Quibble' basis. Considerably longer life with inspection	? 3 month – 12 month limited warranty from reputable suppliers. Cheap imports ?
Custom sizes available (if required)	✓	?
Fabric – Anti-Static Poly 300D (the standard for longevity)	✓ 2X Strength & Durability of Acrylic with 50% higher Water Resistance	? Unclear. Often laminated PVC or Acrylic. Delamination can cause cracking over a relatively short time period
Extruded Pipe is sewn into the mouth	✓ Designed to keep the Windsock open and provide additional strength with a secure fastening method	✗ Generally no pipe which puts extra pressure on the grommets
Stainless Steel Grommets	✓ 316 Stainless Steel as standard	✗ Brass Grommets which are susceptible to corrosion
Max wind rating	✓ 135.7km/hr, Wind Region A, Cat 1.5 under AS AS/ NZS 1170.2:2011 (we do recommend removing in high winds)	? Unclear / Non Stated or Rated

## WS-001 | Anti-Static Windsock

Available in Neon Anti-Static  
Orange or Yellow

Reflective triple stitched  
tail for assisted night  
viewing and additional  
strength

Custom extruded pipe  
sewn into the mouth of  
the Windsock provides  
a secure fastening  
method, together  
with Stainless Steel  
Grommets
