

FR-04 | CASA compliant Non-Illuminated Windsock mounted on hinging Swivelpole

Designed for locations where there is a need for a CASA compliant Aerodrome Windsock Assembly on an extremely robust hinging pole. Safe & Easy to operate. Ideal for base mounting utilising cage bolts or to a movable precast concrete block

Design Concept

- Designed to comply with CASA MOS 139 for Uncertified Aerodromes
- Fitted with CASA compliant WeatherMax80 3650x900x300mm (length, mouth Ø, tail Ø) White or Yellow Windsock
- Base section of Swivelpole allows pivoting of pole ~ 1m above the ground which eliminates working at heights issues
- Base section of Swivelpole allows pivoting of pole ~ 1m above the ground which eliminates working at heights issues
- Total height of top section of frame ~ 5.5 metres
- The Swivelpole has an OD Ø 60.3mm 50NB, Medium Duty Galvanised Pipe (top section) and OD Ø 76mm 65NB, 900mm Medium Duty Galvanised Pipe (bottom section), making it extremely robust

Overall concept - 5m Swivelpole base mounted.

Easy to operate with one person. Easy to install, inspect and replace the Windsock.

The design of the hinging base eliminates the need for an elevated work platform, with all work able to be carried out at ground level.

FR-04 304 Stainless Steel Adaptor for top of Swivelpole DN50 C/W 1 inch BSP thread to receive spindle of FR-04 304 Stainless Steel 900mm OD Ø Frame.

Extremely robust solution with no welding, no special adaptor plates etc.

Insert the Adaptor over the top of the DN50 Swivelpole, centre Adaptor and fasten grub screws, insert and tighten spindle of FR-04 Stainless Steel Frame, fasten the Windsock to the Frame using the UV Stabilised Cable Ties provided and installation is complete.

Windsocks Australia Overview

Our aim is to be the leading supplier of Quality Windsock solutions in Australia and the Asia Pacific region.

Founded in 2003, Windsocks Australia is the premier specialist commercial & industrial Windsocks manufacturer in Australia. Handcrafting our products 100% in Australia using the best materials to ensure the highest quality standards.

We have delivered thousands of aviation, commercial and industrial windsock solutions throughout Australia, New Zealand, Papua New Guinea and Asia Pacific.

Benefit from our knowledge to assist in getting the right windsock solution for your requirements.

Our success is built on a reputation for:

- High-quality products
- Extensive product knowledge
- Competitive pricing
- A commitment to innovation
- Dedication with excellent customer service
- Strong relationships with reputable manufacturers

Proud supplier to Shell Prelude's Offshore FLNG Browse Basin
