

Flag Specification Summary

Windssocks Australia | RFQ Reference: Q2929 | Prepared for: Oceanic Supply | 10 March 2026

The following specification summary outlines our understanding of your flag requirements based on the details provided. Please review each item carefully and confirm or advise any amendments so we can prepare a formal quotation.

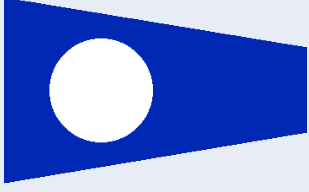

Section 1 — International Code of Signals (ICS) Letter Flags

Standard ICS letter flags per AMSA Marine Order 27. Manufactured from UV-stabilised polyester. All flags supplied with canvas sleeve header and flag clips (top and bottom) to attach to halyard loops.

	<p>A — Alpha</p> <p>Design: White (hoist half) Blue (fly half) Swallowtail V-notch at fly end</p> <p>ICS Meaning: "I have a diver down; keep well clear at slow speed"</p> <p>Size: 1100 × 900mm</p> <p>Mounting: Canvas sleeve header Flag clips supplied top & bottom to attach to halyard loops</p>
	<p>B — Bravo</p> <p>Design: Solid Red Rectangular</p> <p>ICS Meaning: "I am taking in, or discharging, or carrying dangerous goods"</p> <p>Size: 1100 × 900mm</p> <p>Mounting: Canvas sleeve header Flag clips supplied top & bottom to attach to halyard loops</p>

Section 2 — ICS Numeral Pennants

ICS numeral pennants are traditionally triangular in shape. Please confirm the required shape — standard triangular pennant or rectangular flag with numeral design printed.

	<p>#0 — Zero (Numeral Pennant)</p> <p>Design: Triangular pennant — Red (hoist) Yellow (fly)</p> <p>ICS Meaning: Numeral Pennant Zero</p> <p>Size: 1100 × 900mm</p> <p>Mounting: Canvas sleeve header Flag clips supplied top & bottom to attach to halyard loops</p> <p><i>Note: ICS numeral pennants are traditionally triangular in shape.</i></p> <p>* Please confirm: true triangular pennant, or rectangular flag with numeral design printed?</p>
	<p>#2 — Two (Numeral Pennant)</p> <p>Design: Triangular pennant — Blue with white open ring</p> <p>ICS Meaning: Numeral Pennant Two</p> <p>Size: 1100 × 900mm</p> <p>Mounting: Canvas sleeve header Flag clips supplied top & bottom to attach to halyard loops</p> <p><i>Note: ICS numeral pennants are traditionally triangular in shape.</i></p> <p>* Please confirm: true triangular pennant, or rectangular flag with numeral design printed?</p>

Section 3 — Australian National Flag

Standard Australian National Flag (Blue Ensign) as specified under the Flags Act 1953. Manufactured from polyester bunting.

Australian National Flag ×2

Design: Blue Ensign: Union Jack + Commonwealth Star + Southern Cross

ICS Meaning: National Ensign of Australia

Size: 1800 × 900mm

Mounting: Canvas sleeve header | Flag clips supplied top & bottom to attach to halyard loops

Items Requiring Your Confirmation

#	Item	Please Confirm
1	Pennant #0 and #2 — Shape	ICS numeral pennants are traditionally triangular. Please confirm: true triangular pennant shape, or rectangular flag with the numeral design printed?
2	Pennant #0 and #2 — Size	The specified 1100×900mm is more typical of a rectangular flag. Please confirm final dimensions for the pennants.
