

# Custom Printed Windsocks — Logistics Depot Operations

National Logistics & Transport Operator — Transport & Logistics

LOGISTICS & TRANSPORT

**CLIENT**  
National Logistics & Transport Operator

**LOCATION**  
Australia (national operations)

## THE CHALLENGE

The logistics depot operations require wind indicators that serve a dual function — providing practical wind safety information for yard and fleet management while also carrying branded identification consistent with the client's national fleet and facilities standards. Custom-printed Samba fabric Windsocks allow high-visibility wind monitoring with a professionally presented, branded appearance suited to high-traffic logistics environments.

## KEY REQUIREMENTS

- Custom printed Samba fabric Windsocks — branded for client depot operations
- 1500mm length for clear visibility across large depot environments
- Four units for multi-location depot coverage
- Reflective tail for around-the-clock shift operations
- Durable print quality suitable for outdoor industrial use

## WHAT WE SUPPLIED

- 4× Custom Printed Samba Windsock 1500×457×225mm
  - Full-colour custom print applied to Samba fabric
  - Reflective tail for night-shift visibility on each unit

## OUTCOME

Four custom-printed Windsocks delivered to the depot operations combining functional wind safety with brand-consistent presentation. The custom Samba fabric print provides professional appearance while the heavy-duty construction ensures reliable performance in active logistics environments. Reflective tail panels support the client's 24/7 operations.

## PROJECT AT A GLANCE

4 Custom printed Windsocks

1500mm Depot visibility

Custom Branded print specification

National the client depot operations

## WHY WINDSOCKS AUSTRALIA?

- Australian Made & Owned — specialist manufacturer since 2003
