

High Visibility Neon Industrial & Commercial Windsock Range

Key safety component at Major Hazard Facilities and industrial applications where hazardous chemicals are present

DATA SHEET

PRODUCT Hi-Vis Neon Windsocks	APPLICATION Industrial & Commercial	COLOURS Neon Orange & Yellow	SIZES 900-3650mm
---	---	--	----------------------------

Overview

The High Visibility Neon Industrial & Commercial Windsock Range is a key safety component at Major Hazard Facilities and industrial applications where hazardous chemicals are present. Australian made and deployed at industrial and commercial sites where maximum visibility and wind direction awareness is critical for safety.

Key Features

- Australian made quality - tested in some of the harshest conditions on earth
- Deployed at industrial and commercial sites with hazardous gases and chemicals
- Neon Orange & Yellow warning colours for maximum visibility
- Available with or without 316 SS Bridle Harness assembly
- Double fold, double-stitched mouth for durability
- Triple-stitched tail with reflective strip for night visibility
- 316 Stainless Steel "Rim & Spur" grommets with extruded pipe
- Vital safety instruments for gas or chemical release events

Applications

- Major Hazard Facilities (MHF)
- Mining, resources and industrial operations
- Construction sites and infrastructure projects
- Chemical processing and storage facilities
- Port operations and logistics yards

Standard Size Range

Length	Mouth	Tail	Mounting
900mm	300mm	150mm	Fixed Frame
1200mm	350mm	175mm	Frame / RAP
1500mm	350mm	175mm	Frame / RAP
1500mm	450mm	225mm	Frame / RAP
1800mm	450mm	225mm	Frame / RAP
2400mm	600mm	300mm	Frame / RAP
3650mm	900mm	250mm	Fixed Frame

Available in Neon Orange & Yellow. Custom sizes on request.

Construction Quality

- High visibility neon fabric for maximum alertness
- Double fold, double-stitched mouth
- Triple-stitched tail with reflective strip
- 316 SS grommets with extruded pipe
- Warranted at 12 months "No Quibble"

Why Windssocks Australia?

- Australian Made & Owned - specialist Manufacturer since 2003
- Full Engineering support, Certification & Compliance documentation
- Dedicated product range for Mining, Construction & Remote sites
- Responsive technical support & national logistics capability
- Proven track record with Tier 1 operators across all major industries

About Windssocks Australia

Australia's leading manufacturer of industrial Windsock systems. Designed, engineered and assembled in Australia for the harshest environments - from offshore platforms to remote mining and LNG facilities.
